2-in-1 Charger &
Power Bank
Experience a new dimension of energy convenience, whether you're at home, in the office, or on the go.
18650/21700P 65-78mm
Wear-resistant soft skin
Rotary buckle
Accessory bracket
XTAR

Compatible with All Size of 18650 - 21700 Batteries
Easily access to power sources for extended use,
DIY the capacity as your will, traveling light without compromising on power.
XTAR

Rapid Charging
with QC3.0 & PD3.0
The PB2SL utilizes Quick Charge 3.0 and USB power delivery (PD3.0) for lightning-fast charging speeds of up to 18W.
3H
for 2x 5000mAh 21700
1.5H
for iPhone 13/14
XTAR

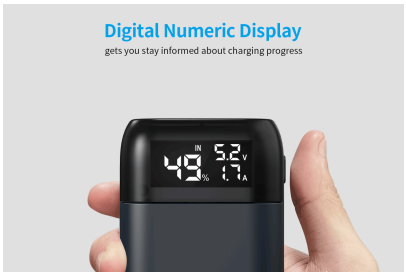
Dual Output Ports:
Type-C & USB-A
Charge multiple devices simultaneously via Type-C and USB-A ports for multitasking convenience.
XTAR

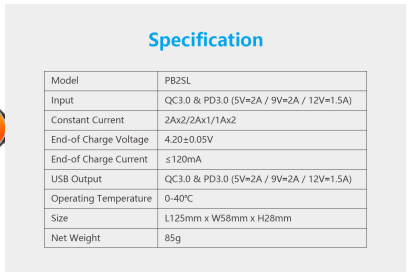
Smart Energy
Balance
The PB2SL uses intelligent charging and discharging balancing technology, enhancing overall performance and extending battery life. Simultaneously charging and discharging with ease, even from cells of varying capacities.

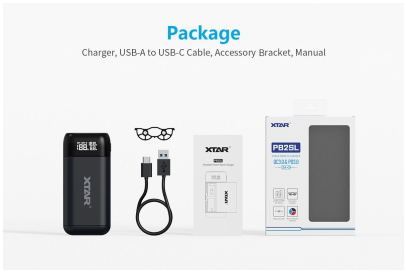
Intelligent 3-Stage
Charging Method
High efficient TC-CC-CV charging method for maximizing performance and extending battery life.
Trickle Current (TC) to "awake" low voltage batteries.
Constant Current (CC) for normal charging.
Constant Voltage (CV) to ensure fully charge and less damage.

Revive with 0V Activation
Bring most of the over-discharged batteries back to life, minimizing waste and promoting sustainability.
XTAR

Enhanced Battery
Security & Portability
Removable locking spacer
accommodates flat-top cells
Rotating plastic piece
fixes 18650 cells tighter
Magnetic cover
shields against dust and battery fall out.
So you can throw PB2SL in your pocket or bag without worry.







## PRODUCT DESCRIPTION

Travel light, Charge right
2-in-1 Portable Charger with Power Bank Function

● Apply to all size of 18650, 18700, 20700, 21700 batteries.
● DIY the power bank capacity by simply replacing the batteries.
● Dual-Port output, Fast charging
- As a charger: 3hrs nearly fully charge 2 x 21700 5000mAh batteries.
- As a power bank: about 1.5hrs fully charge an iPhone 13/14.
● Easier to carry with removable locking spacer and rotating plastic piece.

## Smart Energy Balance

The PB2SL uses intelligent charging and discharging balancing technology, enhancing overall performance and extending battery life. Simultaneously charging and discharging with ease, even from cells of varying capacities.

## Intelligent 3-Stage Charging Method

High efficient TC-CC-CV charging method for maximizing performance and extending battery life.

- Trickle Current (TC) to “awake” low voltage batteries.
- Constant Current (CC) for normal charging.
- Constant Voltage (CV) to ensure fully charge and less-damage.

## Revive with 0V Activation

Bring most of the over-discharged batteries back to life, minimizing waste and promoting sustainability.

## Enhanced Battery Security & Portability

**Removable locking spacer**
accommodates flat-top cells

**Rotating plastic piece**
fixes 18650 cells tighter

**Magnetic cover**
shields against dust and battery fall out.

**So you can throw PB2SL in your pocket or bag without worry.**

**Fashionable colors, fire-proof material**

Wear-resistant skin

**High-quality metal negative poles**

for lasting durability

**Built-in ribbon**

for effortlessly remove batteries

# Specification

| | |
|---|---|
| Model | PB2SL |
| Input | QC3.0 & PD3.0 (5V=2A / 9V=2A / 12V=1.5A) |
| Constant Current | 2Ax2/2Ax1/1Ax2 |
| End-of Charge Voltage | 4.20±0.05V |
| End-of Charge Current | ≤120mA |
| USB Output | QC3.0 & PD3.0 (5V=2A / 9V=2A / 12V=1.5A) |
| Operating Temperature | 0-40℃ |
| Size | L125mm x W58mm x H28mm |
| Net Weight | 85g |

# Package

Charger, USB-A to USB-C Cable, Accessory Bracket, Manual

Compatible with All Size of 18650 - 21700 Batteries
